Crowd Control

Officers will make every effort to differentiate between individual misbehavior and actions of the crowd in general, and to minimize the risk that arrests may be directed at persons who are not in violation of the law. Voluntary compliance by members of the crowd and allowing the lawful members of the crowd and their leadership the opportunity to assist the police in gaining lawful compliance from crowd members is, in most circumstances, a sound de-escalation tactic. Apply the performance guidelines detailed in the Crowd Management Manual and the stated Rules of Conduct and Rules of Engagement.

Order to Disperse

In the event an unlawful assembly is declared, the following dispersal order must be given. Three warnings will be given using an amplified sound system. All warnings and arrests will be videotaped. The command officer that gives the dispersal order is required to write a statement. Copies of that statement should be attached to the city attorney's copy of the paperwork. **When possible, the Order to Disperse will be given by a designated Command Officer.**

"Attention. I am *(rank and name)* of the Denver Police Department. All persons assembled are in violation of *(city ordinance or state statute stated in general terms)*. In the name of the people of the City and County of Denver, I command all of you to disperse. Failure to disperse will subject you to arrest and prosecution.

If you remain, reasonable and necessary force may be used to disperse this unlawful assembly. The following are routes of dispersal for you to peacefully leave the area *(describe the route you want the crowd to take to leave the area)*. You have ____ minutes to disperse *(provide a reasonable time for the crowd to leave taking into account the number of participants, location, and the number of routes)*.

The time is *(announce time of dispersal order)*.

Sec. 38-86. Obstruction of streets or other public passageways.

- (1) It shall be unlawful for any person to knowingly:
 - (a) Obstruct a highway, street, sidewalk, railway, waterway, building entrance, elevator, aisle, stairway, or hallway to which the public or a substantial group of the public has access or any other place used for the passage of persons, vehicles, or conveyances, whether the obstruction arises from the person's acts alone or from the person's acts and the acts of others; or
 - (b) Disobey a reasonable request or order to move issued by an individual the person knows, or reasonably should know, to be a peace officer, a firefighter, or a person with authority to control the use of the premises, to prevent obstruction of a highway or passageway or to maintain public safety by dispersing those gathered in dangerous proximity to a fire, riot, or other hazard.
- (2) For purposes of this section, "obstruct" means to render impassable or to render passage unreasonably inconvenient or hazardous.
- (3) It is an affirmative defense to charges brought under this section that the obstruction was authorized by a permit issued pursuant to this Code, or the Denver Building Code.

Sec. 38-125. Obstruction equipment prohibited.

- (a) It shall be unlawful for any person, other than governmental employees in the performance of their duty, to possess any tool, object, instrument or other article adapted, designed or intended to be used for obstructing the public's ability to freely move about on roadways, sidewalks or any other area to which the public or a substantial group of the public has access or for inhibiting emergency equipment from being moved without impediment or delay, with the intent to use the object by itself or in combination with other objects for obstructing the public's ability to freely move about on roadways, sidewalks or into or out of buildings or for inhibiting emergency equipment from being moved without impediment or delay. This shall include, but is not limited to, any sections of pipe or containers filled with or wrapped in weighted material such as concrete and/or containing handcuffs, chains, carabiners, padlocks or other locking devices.
- (b) It shall be unlawful for any person to possess any noxious substance, or dangerous or deadly weapon as defined in DRMC section 38-117 with the intent to use the noxious substance or dangerous or deadly weapon for defeating crowd dispersal measures.
