Forget the wall; just  
put sprayers all along  
the southern border  
with sensors.  
**Might have saved  
lots of store fronts  
in Baltimore and  
Ferguson.....**  
**The U.S. needs to  
get some of this for  
the looters in any  
out of control  
demonstrations.  
Israelis crowd  
control method.....**  
**NOW WE ARE  
TALKING....BRIL  
LIANT**  
**Skunk spray! Leave  
it to the Israelis to  
come up with this  
ingenious crowd  
control method! For  
those who want less  
violent means used**

**in handling protests, this seems to be the perfect fit. This is a riot control weapon that really works. It's a non-toxic, non-lethal, but very effective. The Palestinians want it banned because it makes them feel degraded. I wonder how long the aroma lasts on a demonstrator. Looks like these guys may be eating outside for a while rather than around the family dinner table. Great stuff; the Israeli biomedical engineers have done it again.**
