## Script of Judgement

### Rules

These are the following rules of Anticom.

**1) Faggotry and degeneracy will be absent from the server entirely. If you happen to be a homosexual, a trap, or a tranny, keep it to yourself; we don't care about your sex life. This includes, but is not limited to, the following:**

- Posting porn, suggestive anime, hentai, or any other sexual NSFW material
- Openly and unnecessarily referring to one's sexuality and relationships.
- Posting suggestive pictures of another member.
- Dont talk about degenerate shit in general (Except for the occasional ironic banter)
- Debating over the race of a user; we really don't care.

**2) Starting drama/infighting, including personal attacks on other members is not permitted. Be polite and professional. Banter is fine, but don't act like an autistic. (We aren't here to attack other members)**

**3) Chat spam, especially mic spam, is strictly prohibited. You're all adults here, so act like them.**

**4) Marxism will get you banned**

**5) Do not openly hate on other right wing ideologies, you may disagree on some points but dont start saying things like "fuck [right wing ideology]"**

**6) When a Mod or Trusted Member says "CLEAR COMMS" in voice chat, you must be quiet or they may mute you temporarily. Don't interrupt mods or each other either**

**7) Stay on topic within the voice or text channel you are in. Do not bring the topics of separate channels into each other. AND DO NOT ADVERTISE IN ANY CHANNEL**

**8) Do not dox or advocate for doxing within anticom. Keep that stuff out of this discord.**

**9) Respect staff and their decisions. Any insubordinate will result in a ban. If you have any issues with a staff member and/or their decisions, pm a staff member and we will deal with it.**

**10) Do not speak of any illegal activities(drug use, violence, etc) within chats.**
