A ball park estimate for all personnel assigned to the event would be \$21,255. This figure includes the hotel and travel expenses for the Chattanooga strike team. I also did not figure the additional personnel assigned to cover the district as RDO's were cancelled. If we factor this in this would be an estimated \$4100 above the regular scheduled shifts, with a total of \$25,355.

Cheryl, please get with Jessie and estimate the cost for the event. Count cost per hour for a topped out Trooper for each Trooper and topped out supervisors. A ball park estimate will be fine.

Thanks

Thanks again to each of you for your support last weekend.

As you can imagine, there has been a lot of "political" discussion regarding this event. One question I am getting a lot regards the costs for security for this event. Would it be possible for each of you to send me an estimated cost for your support? I would like to be able to report the total dollar amount for security last weekend.

Let me know if you have questions or concerns. I think rough estimates would be just fine.

Yes. I've cleared it with Nashville. It's been a while since I've been over at UTPD. I think I turn off Gay Street and go under the RR overpass and take the next right. It has underground parking. Is this right? If not, I can meet you at HQ at 0815hrs and ride over with you.

Thanks

Subject: Planning Meeting: Traditionalist Workers Party Event,
Saturday, February 17th

All-

I want to invite you or a representative of your area to attend a planning meeting at the UT Police Department on Tuesday, February 13th at 9AM. We will be counting on assistance from our partners at the University and beyond to help us pull off a safe event. A lot of work has already been done, but we're counting on help from each of you to help us succeed. We may be asking for logistical support, personnel, or other resources. Your departments have been identified as key partners to our success. In some cases we may have already reached out to your department to begin this work, but we'd still appreciate your attendance to help ensure we do not leave anything out in terms of planning. Please do your best to be here or have a representative present. If you are assigning a representative, I would ask that you assign someone who has the authority to commit resources to this effort. If you notice anyone I may have forgotten to invite, please let me know.

Thanks in advance.

It is common for protest type organizations to attend these meetings due to issues surrounding the agency. Dwayne, I sent a similar email to Colin Ickes, Knoxville EMA,

This coming Sunday, we have few rallies that are coming together in the downtown / Market Mall area. We have the planned Womens March that typically bring about 3000 and is usually peaceful in nature. Protesting their actions is the Traditionalist Worker Party and they are planning to bring about 80. In addition to that, there is a third group coming to protest the TWP. Those numbers are not known yet.

I will keep you posted as planning continues. Thank you

Larry and Gary,

I received this email as did Dwayne Collins. Dwayne is driving in the snow so I told him that I would forward this on to TEMA and the THP ESC. You may already be in receipt of the request via Knox County EMA. See below the request for TEMA and THP support.

The contact for Knoxville PD will be Samuel Shaffer and his cell phone number is:

Thanks,

Dwayne, I sent a similar email to Colin Ickes, Knoxville EMA,

This coming Sunday, we have few rallies that are coming together in the downtown / Market Mall area. We have the planned Womens March that typically bring about 3000 and is usually peaceful in nature. Protesting their actions is the Traditionalist Worker Party and they are planning to bring about 80. In addition to that, there is a third group coming to protest the TWP. Those numbers are not known yet.

I will keep you posted as planning continues. Thank you
Sammy

Will someone be touching base to get more detail from Sgt. Shaffer, or do I need to contact him? I will go ahead and notify my team that we will be utilized Sunday, and that more details will follow. I will also send out an email to troop lieutenants and sergeants, so they can adjust their schedules.

Hey Captain,

I was on the road when this email request came in from KPD. I was on the road from Nashville. John at the Fusion Center forgot to add you to this as a heads up request.

I called Sammy Shaffer at KPD and they are in the early stages of this and more to come throughout the week. Since they are requesting a Strike Team, just wanted you to be aware of it.

Thanks

We wanted to forward the following information for your situational awareness.

On 21 March 2018, anti-racists and white supremacists will hold competing demonstrations at the University of Tennessee (UT) in Knoxville, Tennessee.

Traditionalist Worker Party (TWP) indicated it will gather to oppose a "militant Marxist group" and their "takeover of UT." An organizer of the TWP demonstration declared: "White nationalists are being fired across the country...many losing their homes. The best thing WNs, who can't do street activism, can do is donate some money to our 'club house' fund, so we can have living arrangements established for our folk in need." The anti-racists will consist of a "conversation about how to address racism and fascism on campus and in society at large." It will take place at 7.30pm.

Spoke with UT contact. This is a UT student event involving a panel discussion about the recent TWP lecture that occurred a few weeks ago. A member of Confederate 28 on stormfront posted to oppose the meeting. According to UT, a TWP member has already stated he will be at the event.

FYI, TWP is very good about communicating with the venue in which they plan to attend. TWP typically is not the issue but rather opposing groups. For this event, it appears only a few TWP members are planning to attend and other than the venue itself, no other group has stated they will be in attendance. UT will only be providing approximately a dozen officers to this event unless something changes.
