Subject: Field Force Training Dates and Info - North Districts

Captains,

As we prepare for the upcoming field force tactics review and training in your districts, here are a few reminders:

- If you have a trooper or two on vacation or off during the dates you selected in your area, feel free to send them to another district for training
- It is encouraged to invite District 4700 Troopers in your area to attend the training
- Please have every trooper bring their gas masks (with filter), gas mask pouch, baton (with baton ring if they have it) and helmet with shield and badge number stickers on it
- Please advise the MRT Team Troopers in your districts that they may be assisting with the training when it comes to formations and review

In general, here is what each training session will entail:

Time – 3 Hours Total	Subject
15 Minutes	Intro and overview of pipeline response planning
45 Minutes	Classroom, Written Test and Practical Application
30 Minutes	Equipment Check / Gas Mask and Field Force Formation Review in Classroom
90 Minutes	Gas Mask Hands-On Training, Field Force Formation Practical Application
After formal training with troopers, MRT Leadership will have informal discussions with district supervisors regarding initial civil disturbance response, provide any additional assistance and answer any questions.	

Here are the confirmed dates, times and locations for each district:

District	Dates	Times	Location
2700	Thursday, November 29 Friday, November 30	1300-1600 1000-1300	District 2700 Offices 1131 Mesaba Ave, Duluth MN
2800		0800-1100 0800-1100	District 2800 Offices 7694 Industrial Park Rd., Brainerd, MN
2900	Wednesday, November 28 Thursday, November 29	1000-1300 1000-1300	Ottertail County Operations Center 469 Main Street West, Ottertail City, MN
3100		1300-1600 0900-1200	District 3100 Offices 101 N. Hoover Road, Virginia, MN
3200		1300-1600 1300-1600	District 3200 Offices 242 125 th Ave NE, Thief River Falls, MN

Contact Captain Dwyer or me with any questions. Thank you.

- MAC IT ServiceDesk

Good afternoon Officer Ford – thanks for reaching out.

Yes, I am the correct person for the field force training requests. If I am reading this correctly, you are asking for a 4 hour block of instruction on 3 of the dates listed below – we would not have to 2 blocks (07-11 and 12-16) each of the 3 days? We would be able to dictate which timeframe on each of the 3 days we select?

What are you looking for – basic field force operations and movement? Any classroom refresher or just hands-on stuff? Have your officers had this training in the past or are we starting from square one?

Once I hear back from you, we will look more closely at the dates to see if something works. Of course, this is all subject to change if the Enbridge Pipeline protests take place next year over these timeframes – I have a feeling we will be up there then!

Thanks – have a good weekend.

Hi, Sue.

Captain Geiger and I will be at Camp Ripley on November 7 and 8 facilitating the training of new members of our Mobile Response Team.

Would there be a possibility that you might be available on either of those days to meet and discuss pipeline related items?

The optimum times to meet on those dates would be:

- November 7 1330-1530
- November 8 0930-1130

If those dates are booked, we can look for others in the future.

Thanks for considering.

Subject: Northern Districts - Field Force Review Instructors

MRT Supervisors,

All of the northern districts have responded and the MK9/Field Force Review Training sessions have been scheduled (see below). For each session, we will only need 2-3 instructors – one of the instructors will have to be a CART Supervisor since we are doing training. We will also utilize District MRT Troopers to assist in the training and formation review.

You will notice that a date or two overlap in districts so we will need instructors in each place at the same time. Please let me know any and all dates you are available to assist and I will make the assignments after I hear back from everyone. It is preferred to do both sessions if they are back to back dates.

Here are the confirmed dates, times and locations for each district:

District	Dates	Times	Location
2700	Thursday, November 29 Friday, November 30	1300-1600 1000-1300	District 2700 Offices 1131 Mesaba Ave, Duluth MN
2800	Thursday, November 29 Friday, November 30	0800-1100 0800-1100	District 2800 Offices 7694 Industrial Park Rd., Brainerd, MN
2900	Wednesday, November 28 Thursday, November 29	1000-1300 1000-1300	Ottertail County Operations Center 469 Main Street West, Ottertail City, MN
3100	Thursday, November 29 Friday, November 30	1300-1600 0900-1200	District 3100 Offices 101 N. Hoover Road, Virginia, MN
3200	Thursday, November 29 Friday, November 30	1300-1600 1300-1600	District 3200 Offices 242 125 th Ave NE, Thief River Falls, MN

A more detailed training plan will be forwarded as the dates get closer, but in general, here is what the session will look like:

Time – 3 Hours Total	Subject
15 Minutes	Intro and overview of pipeline response planning
45 Minutes	Classroom, Written Test and Practical Application
30 Minutes	Equipment Check / Gas Mask and Field Force Formation Review in Classroom
90 Minutes	Gas Mask Hands-On Training, Field Force Formation Practical Application
After formal training with troopers, MRT Leadership will have informal discussions with district supervisors regarding initial civil disturbance response, provide any additional assistance and answer any questions.	

If lodging is needed, Captain Dwyer (or I) will make those arrangements after instructors are assigned.

From: Schaap, Travis (DPS)
Sent: Wednesday, October 03, 2018 7:15 AM
Subject: Additional CUT Team Members

Good Morning,

The MRT is looking for interest to add troopers to the CUT Team. Plan is to have the new members added for team training with the DNR in February and then to have the new members attend the CUT Training in Anniston, AL sometime this spring or early summer.

If you are interested, please submit an email to Captain Dwyer and cc Lt's Schaap and Hanson.

Everyone is encouraged to submit your memo if you have an interest, but with the pending pipeline in northern Minnesota, preference will be given to MRT Troopers living in Districts 2700, 2800, 2900, 3100 and 3200.

As in the past, the CUT Members are Line Troopers unless they are needed for CUT responsibilities in which case they will be pulled from the line.

Any questions give either myself or Lt. J. Hanson a shout.

Thanks All,

Trav

Hello, Aaron.

Most certainly we could pull off a training session. Do you have an approximate number related to attendees? The range would be optimum on the minimum side, but if there is more, great.

Our training is put on by our Mobile Field Force lieutenants with field experience from our most recent deployments over the past couple years. Last year's classes were well received and our group looks forward to additional sessions this year. Typically, we have started at 0800 each day and ended at 1500 with an hour lunch break. Attached you will find our PowerPoint Introduction that serves as our resume. Additionally, our course is P.O.S.T. certified.

Related to gear, in 2008 we purchased equipment (see PDF attachment). This turtle suit has held up extremely well. We conducted some limited testing of new models, which afford more protection with hard shells, but one should be deployed in it. After testing, we decided to re-order the because it was cost effective and more times than not, we are deployed in a You would also want/need a helmet, riot stick and gas mask. We recently went to a with a and swapped out for a with as opposed to a I have also included some information related to munitions for general reference.

Here are a few additional resources that you may find helpful from our agency:

- Lieutenant Jason Engeldinger – Mobile Field Force supervisor; Jason.engeldinger@state.mn.us or 218.735.3723
 - He is a resident expert in all things munitions related.
- Lieutenant Adam Fulton – Mobile Field Force supervisor; Adam.fulton@state.mn.us or 218.316.3025
 - He navigated through our last equipment order and has a good handle on vendors.

I have copied Captain Geiger, co-commander of our Mobile Response Team for informational purposes.

We look forward to this opportunity.

Thanks!

Joe

Dwyer, Joseph (DPS)

Subject: Resource Planning Meeting
Location: D2800 District Office

Start: Wed 9/19/2018 11:00 AM
End: Wed 9/19/2018 2:00 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Dwyer, Joseph (DPS)

Required Attendees: Engeldinger, Jason (DPS) (Jason.Engeldinger@state.mn.us); Driskell, Kim (DPS); Casperson, Christine (DPS) (christine.casperson@state.mn.us)

The purpose of this meeting to start the conversation related to resources available along the intended pipeline route (lodging, catering vendors, etc.)

The goal of the meeting is to develop an MRT resource to be used in the future in the event of a long term deployment/occupation.

Thanks!

Joe

Subject: Notification protocol

Northern Tier Captains,

Recently, I was tasked with developing some type of protocol to streamline the notification/request process from the respective sheriff's in each of our districts when it comes to anything pipeline related. The process is to ensure that each of the counties have a "go-to" number that will direct them to an on-duty supervisor when a need arises. As you may decipher, there's a backstory (there's always a backstory!).

I see this as a good opportunity for the Northern Tier Captains to get together. Understanding that it is busy as we make our final push through summer, I can attempt to set up a conference call and we can tackle it that way, also. As we will all be affected by this, I wanted to make sure to solicit your input and make sure we are all on the same page moving forward.

A few options:

- Meet after the staffing meeting next week (It's a Friday and we may want to get home as soon as possible)
- Meet sometime between August 20-31 in the Walker area. Open dates for me: August 20, 23, 24, 27, 28, 31
- Conference call on an agreeable date

Let me know what works. Thanks!

Joe

Subject: RE: Next D1&D2 Meeting

Rod....Thanks. No state agencies were included in the poll. Sheriff Turner called me yesterday and asked if I could get some state staff to Bemidji next Friday to help with their process. Based on that, I made phone calls to DNR, MSP, and National Guard.

Here is who I understand is projected to attend. Please let me know if there are changes.

- DNR: Smith, Kanieski, Phillips, Drimmel
- MSP: Dwyer
- National Guard: Schute, Rossman, Allen
- HSEM: Kelly, Kallunki, Winkleblack, Holmes

Assistant Commissioner Hawkins does not plan to participate in this meeting

I will RSVP for all the state participants to keep it simple, especially for the host, Beltrami County.

Regarding transportation, DPS and the Guard will travel on our own. I will probably drive up the day before.

More to follow.

Thanks....Joe

Subject: Potential Pipeline Protests

Captains,

In the event troopers are sent for any pipeline protest type activity, a new agency cost code has been set up. That code should be used so we can determine what has been spent on those type activities.

On their time entry, your district speed chart funding should be used

- Fund: 2700
- Fin Dept ID: (your district info; for example District 2500 would be P0735225)
- Approp ID: P075027
- Agency cost code 1 (53012 is the new code to use for pipeline related activities)

Please share this new cost code with your time keeper

Subject: Pipeline Response Training

District 2800 Troopers,

In preparation for potential events associated with the impending construction of the *Line 3 Pipeline*, the **Northern Tier** districts will be engaging in a training event geared at pipeline response. District 2800's training days are scheduled for _____ and _____. The 3-hour block of instruction will occur from 0800 to 1100 hours. The Station Sergeants will be scheduling for this event in the near future. If you should have a conflict with either of our district's dates, please email your Sergeant and copy your Lieutenant on the correspondence. A list of the alternate dates in the other districts is provided below.

A module of this training covers the _____ . A large quantity of this product has been delivered to the affected districts with the intent to have it placed strategically, in case troopers would need to utilize it.

Please bring your gas masks (with filter), gas mask pouch, baton and helmet with shield attached to this training.

In general, here is the curriculum for the training session:

Time – 3 Hours Total	Subject
15 Minutes	Intro and overview of pipeline response planning
45 Minutes	Written Test and Practical Application
30 Minutes	Equipment Check / Gas Mask and Field Force Formation Review in Classroom

Here is a list of the dates, times and locations for all of the **Northern Tier** training sessions:

District	Dates	Times	Location
2700	Thursday, November 29 Friday, November 30	1300-1600 1000-1300	District 2700 Offices 1131 Mesaba Ave, Duluth MN
2800	Tu Wednesday, November 28 Thursday, November 29	0800-1100 0800-1100	District 2800 Offices 7694 Industrial Park Rd., Brainerd, MN
2900	Wednesday, November 28 Thursday, November 29	1000-1300 1000-1300	Ottertail County Operations Center 469 Main Street West, Ottertail City, MN
3100	Tu Wednesday, November 28 Thursday, November 29	1300-1600 0900-1200	District 3100 Offices 101 N. Hoover Road, Virginia, MN
3200	Th Friday, November 30	1300-1600 1300-1600	District 3200 Offices 242 125 th Ave NE, Thief River Falls, MN

Subject: Enbridge Line 3

Gentleman,

I am working with Michael Harrington, the Line 3 Security Team Lead, in an effort to establish the necessary lines of communication for the upcoming Line 3 replacement project. We would like to set up a meeting in the near future to make introductions. Mike is a retired Maine drug investigator and is commuting back and forth from Maine to his office in Duluth. If you are available to meet on Monday October 22, it would be greatly appreciated. Time and location is of your choosing and convenience. If that date does not work for you, let me know when a good date would be.

Let me know if you have any questions. Thank you, in advance for your time and consideration.

1

Subject: Scheduling Item: Pipeline Response Training

Sergeants,

Please make the necessary schedule adjustments to ensure that you and your respective troopers attend the *Pipeline Response Training* outlined below. There are two dates available in our district;

If a trooper has a conflict with our dates, please utilize the list of alternate sites and their dates and times to facilitate their attendance at this training.

Thanks!

Joe

Subject: Notification protocol

Northern Tier Captains,

Recently, I was tasked with developing some type of protocol to streamline the notification/request process from the respective sheriff's in each of our districts when it comes to anything pipeline related. The process is to ensure that each of the counties have a "go-to" number that will direct them to an on-duty supervisor when a need arises. As you may decipher, there's a backstory (there's always a backstory!).

I see this as a good opportunity for the Northern Tier Captains to get together. Understanding that it is busy as we make our final push through summer, I can attempt to set up a conference call and we can tackle it that way, also. As we will all be affected by this, I wanted to make sure to solicit your input and make sure we are all on the same page moving forward.

A few options:

- Meet after the staffing meeting next week (It's a Friday and we may want to get home as soon as possible)
- Meet sometime between August 20-31 in the Walker area. Open dates for me: August 20, 23, 24, 27, 28, 31
- Conference call on an agreeable date

Let me know what works. Thanks!

Joe

Subject: MRT Supervisor Update - Availability

Importance: High

Good morning MRT Lieutenants,

In an effort to keep you informed, Captain Dwyer and I (along with a few others) have been meeting to put together preliminary response plans to potential pipeline protest activity in the future. As of this point, there is nothing concrete or specific as to location, scope or size of any civil disturbance, but we want to be as prepared as we can be as move forward. Once we have solidified some information, we will likely set up a supervisor meeting or conference call so we can familiarize everyone with what a MRT call-out and response would look like if it happens. More to come on that subject.

We are preparing for new member field force training (likely November 7-9) and also in the process of conducting audits and inventories of all RRT and MFF equipment. We not have another trailer (RRT Trailer) that is stored at District 2800. Once we have the number of new members coming on board, the team will begin the process of purchasing field force equipment for them.

For the near future, our instructor services have been called upon again and we have been approved to train approximately DNR Game Wardens in Basic Field Force Operations over 5 Sessions. With that, please advise of your instructor availability for the following dates:

- Tuesday, September 25
- Wednesday, September 26
- Thursday, September 27

- Monday, October 1
- Tuesday, October 2

We would like to have 5-6 Instructors for each session and for consistency (and simplicity) purposes, we would like to have the same personnel there the entire week if possible – meaning, we are hoping your availability will allow you to stay from Sept 25-27 or Oct 1-2. The training will run from approximately 0800 – 1700 each day, it will include live-fire exercises with less-lethal/gas exposures and it will be at Camp Ripley. Lodging and meals will be provided.

As always, thank you for commitment to MRT Team and our ongoing mission.

Subject: RE: CART/CUT Inventory

Thanks for setting this up, Jason.

As we discussed on the phone earlier today, during this inventory/audit of CART/CUT gear, can you, Kevin and Steve also put together a list of less-lethal munitions you would like to be purchased. The intent of the acquisition of more less-lethal is to have a greater amount on hand leading up to the possible pipeline protests. In speaking with Captain Dwyer, we can keep those munitions in _____ at _____ once they arrive.

Thanks.

Subject: Crowd Control

Good afternoon Sir,

Sgt. Zehr gave told me you are the person I need to talk to about some potential crowd control/protestor type training. As you may or may not be aware there is some potential for pipeline protests in the Itasca State Park area. Our agency is working towards preparation for these events. Unfortunately it doesn't look like the timeline and training availability will be there for us to organize instructors and train our entire staff in Mobile Field Force type training. As a result I am reaching out to you to see if you and your staff could help us out a little bit. My questions are, would your staff be willing/able to train a select group of our folks in basic crowd control measures, potentially in the near future, and what type of gear would you recommend us outfitting our officers with in terms of protective gear, etc.?

I appreciate any information/assistance you can provide us. If you would like to chat in person about it, my office number is below and my cell number is

Thank you,

Aaron Kahre

Subject: Munitions

Steve and Karla,

Can you please research munitions we don't currently have in inventory for Capitol and Pipeline disturbance scenarios. I'm thinking _____ to reduce fire risk in grass and _____ is an options too. A good place to look would be _____

If you could get me some recommendations in about a week??? If you don't have time, that's ok too, just let me know.

Thank you,

Jason

PLANNED V. UNPLANNED

- Take advantage of any time that you may have
 - Set up lodging, food, muster points
- Scouting of area
 - Ingress, Egress, Potential Hazards
- Notifications
 - Everbridge, Follow-up email, briefings

EQUIPMENT CONSIDERATIONS

Arrest Kits (Cameras, flex cuffs, white boards, markers)

First Aid Bags (including small fire extinguisher, carried by squad leaders)

Cold Weather Gear (hand warmers, neck gaiters, hat for under helmet)

Transportation

Video?

Ideas from LINE, CUT and CART – **Be open to suggestions!**

SUPERVISOR ROLE DURING DEPLOYMENT

- **Pre-event**

- Provide Leadership at Staging
- Don't forget about the basics (STE and Payroll)
- Delegate tasks to others (The number of items flowing in is mind-boggling)

- **Event**

- Managing and Moving Platoons
- Dispersal Orders (LRAD)
- Arrest Process

- **Post-Event**

- Roll call and check for injuries
- Debrief

SPECIALTY TEAMS

- CART
 - Complete and accurate inventory is essential
 - High liability area – Everybody is watching this element
 - More frequent training to gain confidence
 - Need for lethal cover (Dallas PD)
- CUT
 - Safe, efficient removal of protestor devices

MOVING FORWARD

Training should be (needs to be) ongoing...

- Regional – half day
- In-service training sessions – one or two hour refresher
- Be creative with training ideas
- CUT & CART
- Periodic meetings, conference calls with Field Force leadership

ADDITIONAL TRAINING

Center for Domestic Preparedness
Anniston, AL

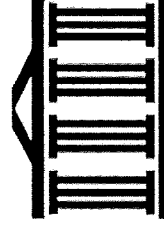

Field Force Operations
Field Force Extraction
Field Force Command

NEW TO OUR AGENCY

- Implementation of ICS/NIMS
 - Incident Command System/National Incident Management System
- Integration and Use of Support Staff
 - Unique skillset and organizational capabilities

POLICE EXECUTIVE RESEARCH FORUM (PERF)
