

American Identity Movement (Identity Evropa)
Weekly Address, March 13, 2019

Rush transcript (made from an incomplete recording of the meeting):

[recording begins]

Patrick Casey

...we're probably going to let you go. So now is really the time to choose, like, are you going to be on Twitter just, you know, saying things were probably overdone in 2016, and then get off on being transgressive, or are you gonna be a little more serious about this stuff because we don't want that happening. I don't want, and just do it for your own sake. But don't get doxed, and if you get doxed and it's like, yeah i want less immigration, you know white people are under attack and that's not good. At least these things it's defensible. If you get doxed and it's like Hitler this, Hitler that, he'll... you're just gonna look like you're a freak probably, so let's be defensible, let's, let's take the positions that matter and stick with those and, you know, create something that people really can get on board with.

Patrick Casey

[inaudible] says thank you Patrick, we love you all, each and every member.

Patrick Casey

Dues will carry over so don't worry about that.

Patrick Casey

Could Lev Bronstein shoot me a message on, on Twitter or shoot me an email. I need to attend to the concern that you raised there.

Patrick Casey

Y T - for how long do you think the doxing will go on? I mean, as long, they're going to keep poring through these, I'm sure some more people will get doxed, but probably not many, I think it's probably slowing down. The key now is, look, if you're, this would be a good time to like rebrand your social media accounts, right. So if someone's poring through and, you know, if you have the same, if you're using the same alias that you used on Discord, that they have, on social media, they'll link you together, they'll try to piece things together. This would be a great time to kind of distance yourself from the alias used on there.

Patrick Casey

Carl Smidtsten- Patrick will you be able to edit out my claps. I was a bit too close. up front to, next to, next to the mic, and I don't want to get doxed.

Patrick Casey

Yeah. We don't want people hearing your claps and identifying you from your claps. So we'll go ahead and delete those.

Patrick Casey

So we have Pizzagate Is Real, also known as Pizzagate Israel in the chat, it's a name I haven't seen in quite some time.

Patrick Casey

[Inaudible] Patrick when will our 20 point platform be finalized and released? Yeah that's something we're still kind of working on. We'll see, but that's not, that's not our main goal at this point.

Patrick Casey

Edward. Bakinski. Hope that's not your real name. Are there any safe Twitter wiping tools for people with legacy accounts? There are, I don't know what they are off the top of my head though. Actually one second. [inaudible]

Patrick Casey

I've been told that this works, I've never used it but [inaudible], famous right wing Twitter pundit, told me that this works, so. Go ahead and try that out but again I can't, I can't attest to whether or not it does.

Patrick Casey

Can you please play that guitar in the background. I have, there's nothing in there, I have my other twelve string right here. But it's out of tune. So you probably don't want to, [plays guitar] yeah that doesn't sound very good does it.

Patrick Casey

[plays guitar]

Patrick Casey

Well there you go. About two of the strings that are, are in tune. Anyways.

Patrick Casey

I can't play Freebird on a two strings on a twelve string.

Patrick Casey

Is there any other questions.

Patrick Casey

Play [inaudible], I don't know. I forget how to play that.

Add speaker

I will not be playing any Avril Lavinge, sorry guys.

Patrick Casey

Can't play, I can play Smoke On The Water though, but that's about the easist song you could learn, at least the main riff.

Patrick Casey

I will not be playing Mr. Brightside. I don't know how to play it and I will never learn, so.

Patrick Casey

[inaudible] every fireside should start with a solo from me from now on. We can do that. We can do that if needed. I don't have an anthem at this point but you know when I was really into guitar, metal was when I played, so the metal guitar solo stuff is kind of what I'm, it's not the only thing I played but I can definitely do it.

Patrick Casey

Yeah we'll see. I've had so much stuff I've been meaning to record, I can't find the time.

Patrick Casey

Alright guys, any other questions, anything else?

Patrick Casey

I see Greg asked the question here, when will you be doing a video introducing AIM to the public? So we're gonna get some stuff on YouTube after I move, I don't really have room to record stuff in here but I could record a video like this, I guess it'd be fine for like a vlog style, maybe I'll do that, but I'm going to be doing a Periscope tomorrow night, where I'm going to talk about a lot of this stuff. And a lot of it can be rehashed but yeah it should be good. It'll be tomorrow night at 6 PM eastern.

Patrick Casey

Godrick says before we go, how is, how is the dangerous cult of personality working out? Yeah. So he's referencing one of these Unicorn Riot articles, was it Unicorn Riot? Might've been the antifa, I think it was actually the antifa blog that posted, you know, creepshots outside of my house.

Patrick Casey

Yeah, they were going through the leaks and they found memes people made of me, minion memes, all kinds of other stuff and they were saying that I was cultivating a dangerous cult of personality. I've never looked at it that way. These are just funny images people have made to post during firesides. But the only thing maybe I should just start looking at this dangerous cult of personality. I'm kidding of course, that's not what we need, we need people just putting their egos aside, focusing on the work and getting things done.

Patrick Casey

Anti-Communist says are these still going to be referred to as fireside chats? They're not, they are the weekly addresses, the AIM weekly addresses. We might refer to it as something else but, you know, in the spirit of separation between IE and AIM, call it something else.

Patrick Casey

There's also an AIM member handbook that you'll get before the weekend. It's mostly done, got some stuff about OPSEC, the guidelines, poster, it's a lot of, a lot of stuff that some of you might know already but tweaked for AIM with new stuff all in one place, you just count on one document and then have it all there.

Patrick Casey

Lev Bronstein - is Fortnite dancing banned at AIM meet ups? I heard of this organization called IE that banned them. Yes, that is one way in which the American, in which American Identity Movement is going to be similar to, to IE, and that is, that is that Fornite dancing is still outlawed. In fact I have codified it into the member guidelines so that if you guys start Fortnite dancing, you will be in violation of guideline, what was it, 16, [inaudible] around the end.

Patrick Casey

[inaudible] says will you be billing AIM primarily as an activist organization or would it be similar to how it was before, both as activist or networking and community. It will be both. So we do, basically networking, community, pardon me.

Activism, networking, community service and content creation. That's kind of what, you know, the four things that we do. So, yes.

Patrick Casey

Anything else, uh, the questions have kind of slowed down here. So I think we're probably getting to the end of our....

Add speaker

....end of our time tonight, I'm full of energy as you can see, from a long day slash, slash week, but uh...

Add speaker

No twerking allowed at AIM meetups. Yeah, twerking, that's kind of in a gray area, it's not Fortnite dancing so it's not explicitly banned but given the fact that most of our membership is male I don't, I don't like the...
