Subject: Fwd: Racially motivated group possibly at CFD events

Laura

I asked for this report to be forwarded to the FBI through records, but please make sure the local office is aware of it since this is a nationwide group. Thanks.

All

During the parade today a group called the "American Identity Movement," a neo-nazi type group, drove onto Bank of the West's upper parking level and displayed a banner that was anti-immigrant in nature. The banner also had colored smoke emitting from it. The group then rolled up the banner and left. Video of this event has already been posted on this group's website. I noted the incident on webeoc and P28 wrote a report on it. Please be aware for the rest of CFD and document any contact we have with this group and forward it to CAGE, and take appropriate enforcement action. Thanks.
