

This is a basic outline, structured to give you guidance to approach a Sheriff and his department. It would be a good idea to read through it, understand it, modify and or design it to contain the ideas you want to accomplish with your county Sheriff. The problems that may arise with approaching a Sheriff's department might become magnified if the Sheriff does not understand nor realize the real power he wields from his department. If the sheriff does not understand his status in our government, your attempts at engaging him (the Sheriff) in meaningful conversation or having him understand what you want him to do using you or your group will at first appear futile. Either way here is an Outline to starting a Sheriffs Outreach Program. It can be changed to adapt to your needs. **I hope this helps someone and everyone.**

As a special notation on this Outline, you must remember that the word posse has negative connotative meaning for some persons, groups and or organizations. Toward the conclusion of this outline you will see that I have used posse to refer to an organized group of citizens (Oath Keepers) that have come to the aid of the Sheriff's department. A better label of the group to stop any negative connotation before it begins might be special deputies unit, Sheriff's reserves or another specific term that the Sheriff himself might bestow upon it.

Oath Keeper County Sheriff Outreach Plan **This plan offers a positive perspective of Oath Keepers**

National, State, Regional and or County Coordinators

1. Make an appointment to talk with your Sheriff
 - A. Call or walk into the Sheriff office to set up the appointment
 1. You might get right in, so be prepared.
 2. Ask specifically to talk with the Sheriff; do not rely on the department's deputies. They are not the decision makers
 - B. This is not demeaning to the deputies but you must have straight forward knowledge of the Sheriffs thoughts and ideology not 2nd hand knowledge through speculation.
 - C. Give him a Sheriff's packet that you have personally made up and engage him in conversation of that packet.
 1. Do not leave this with another deputy; do not leave it at the dispatcher's window. You should at all cost give this personally to the Sheriff.
 - D. Again discuss the packet
 1. This means you need to know the entire contents of the packet.
 - A. Read everything in this packet, watch the video, know what you are giving.
 1. Knowledge is power
