Notes:

Remember time zone change means you will be losing one hour of drive time when entering the eastern part of the country.

Randolph_IL and Kyle_MO will be standing in the place of Carter_MO and will have the same authority as a network director. This means joking around and being “one of the guys” is completely out of the question. You have to be the glue that keeps this ship together otherwise problems will arise. Be the leader you would want for yourself.

BATHROOM BREAKS must be taken only while switching drivers and getting gas. When the main van stops everyone stops to get gas and go to the bathroom. No stops for individual vehicles are to be had. STOPS ONLY ARE TO BE MADE AT LARGE TRUCK STOPS / GAS

STATIONS.
