

## LETTER OF INJUSTICE:

### WHO ARE THE PHILADELPHIA THREE

In May 2020, I took to the streets of Philadelphia, as many across the world did, chanting "Black Lives Matter". A movement that multiplied after the untimely demise of George Floyd. During these assemblies, I spoke with many low level officers as well as ranking officers about our side of the story. How our community is fearful of calling the police, even when their help is necessary but because of their reputation we don't want to be the cause of unnecessary bloodshed to a member of our community. I spoke with well over 100 hundred officers through these assemblies and if I was able to get through to even one of them and saved one life my goal was achieved. As the protest started to take a turn, I was taking photos when suddenly midphoto chaos erupted and the car that I was standing on (a government official vehicle) erupted into flames as it was firebombed. Eventually every vehicle in the area received the same fate.

The same photo that should've set me free, the federal government used to create an elaborate plot in which I have become a political prisoner that I've termed the "PHILADELPHIA THREE", because there are two other people that I've never met nor spoken with who the federal government has roped together and charged us with arson and conspiracy. All in their endless effort to dismantle and alter the

progress of the "BLACK LIVES MATTER MOVEMENT".

My name is Khalif Miler, and I'am part of the Philadelphia Three. I have been targeted by the United States Government as a means of political suppression for rising out in my supporting acts in the Black Lives Matter Movement. For the past 19-months I have been incarcerated wrongly in violation of my 4th, 5th, 6th, and 8th Amendment Constitutional Rights in horrid conditions disguised as Covid-19 protocols. At times I've been confined in my cell for 24-hours a day, for months at a time; denied showers, proper hygiene essentials, adequate nutrition and access to the outside world. Because of my youth, my impoverished economical status, and the color of my skin I anguish in prison while my story goes untold and unnoticed while my captors are held unaccountable. How much different Am I to Kyle Rittenhouse?.

The person placed in power to uphold the agenda of the United States Government; United States Attorney General at the time Bill M<sup>C</sup>Swain, has denied that our arrest was politically motivated, yet it's one of his main selling points in his political race for Governor. While the world cried out and came together begging for change he used his powers to criminalize and quell dissent expressed by progressive political movement. As a consequence for going against the "NORM" the United States Government are burying me behind a wall of injustice under; **INHUMAN**

CONDITIONS, AGAINST MY CONSTITUTIONAL RIGHTS, in the mist of a PANDEMIC (I've contracted Covid-19 twice since being here), without Competent Counsel (I haven't even had one Attorney Visit yet, in 19-month's), and through LIFE and DEATH experiences (I was recently stabbed over ten times while incarcerated). I have become the enemy of the United States. See United States of America v. Khalif Miller.

On the other side of justice, the insurrectionist who invaded the CAPITOL; most who were WHITE were allowed bail, while others have been sentenced and recieved substantially less time than what the BLM protesters even faced. These demonstrators initiated a plot to take over the CAPITOL and attempted to overthrow the government. Once again we are shown the racial injustice of OUR society. This is the reason why the Black Lives Matter Movement exist. As Dr.King once said,"INJUSTICE ANYWHERE IS A THREAT TO JUSTICE EVERYWHERE". Injustice continues to plague OUR society. WE MUST LIFT OUR NATIONAL POLICY FROM THE QUICKSAND OF RACIAL INJUSTICE TO THE SOLID ROCK OF HUMAN DIGNITY.

Toaday, I'am asking that YOU STAND WITH ME to expose injustice and all the tension its exposure creates to the light of human conscience and the air of national opinion so we can lift the dark clouds of racial prejudice from our fear-drenched communities and in some not too distant tomorrow the radiant stars of LOVE & BROTHERHOOD

will shine over OUR GREAT NATION.
