WAR CRY – JULY 12, 2022 -- TRANSCRIPT/LYRICS

“War Cry”

Forget that he’s a human, naw jealous friends, NEVER FORGET HES A LEGEND

Grab the glock 45 feel it thru ur chest let love take flight, body bag, body bagged, mind takes over
heart break

pump the breaks. Take it easy (2x)

Resilient as she be, sisters kickin in doors, screaming where the fuck is he?

Another lonely war cry silenced, where’s the missing body?

Had to take him from me, what a cold mf Desecrate a whole G

Still you ain’t hearing me, Chamook be ya friend, naw they plotting low key

Yeah you snaked ya homie, forked tongued mf, Desecrate a whole G, aaw

still labeled as savage in these streets, bring a body, save the man, cracker ideology

Tell me Whose the real monster in these streets?

Precinct don’t give a damn think their closets full of sheets

I hope ya conscious eats ya soul, that bitch karma never sleeps, naaaw,

And when ya close ya eyes the demons snatch the air you breath

Naw

Screaming high to the sky Justice for Ricky

Grab the glock 45 feel it thru ur chest let love take flight, body bag, body bagged, mind takes over
heart break

pump the breaks. Take it easy (2x)
