

Traveling European Organized Crime Groups in Virginia and the Mid-Atlantic Area

ATM Skimming is one of the fastest growing crimes and a vast majority of it is being committed by Romanian Nationals. We have developed contacts in the United Kingdom to assist U.S. law enforcement. In the old days, and to your victims, they knew them as Gypsies and Travelers.

Covid-19 did not stop these career criminals.

The Gryphon Training Group, the pre-eminent trainers in this field, in association with the Rappahannock Regional Criminal Justice Academy, is presenting an incredible 2-day seminar on these criminal groups, once referred to as; Criminal Gypsies and Travelers.
