**Subject:** Recreation

Good afternoon,

In regards to the COVID-19 zoom meeting about recreation for the inmates, the administrative team came together to speak about this concern. In conclusion to this, recreation for inmates should not occur at this time due to the increase number of positive inmates. Dr. Smith - Medical Director, sent a detailed COVID-19 memo via email and wants to continue to follow that through thoroughly.

If any questions or concerns, please do not hesitate to reach back out to one of us.

Thank you,

Iesha Brown, BSN, RN

Director of Nursing
